SUMMARY

Enthusiastic Junior Full Stack Developer with a solid foundation in the MERN Stack alongside exposure to Django. Proficient in leveraging cutting-edge technologies to craft responsive and user-centric web applications.

I have moved to the UK from Romania in 2014 at the age of 13 and managed to adapt to the new environment and learn the language when I started to attend Newmarket Academy and then passed my GCSE's in 2017. I have then attended Cambridge Regional College for one year, got my citizenship in 2020 and got my IT Diplomas in 2023 after finishing the Epicode Bootcamp.

Possessing a passion for continuous learning and a proactive approach to problem-solving. Adept at collaborating within teams to deliver high-quality solutions while demonstrating a keen interest in expanding skills and exploring new technologies in the ever-evolving landscape of web development.

SKILLS

Programming Languages: C, C++, C#, Javascript, Python, Typescript

Software and Tools: MERN Stack, Django, Git, SQL,MongoDB,Mongoose, PostgresSQL, Sequelize, Socket.io, Bootstrap, Node.js, Express.js, Vite, Redux.
